## Free Service

We would like to invite you to join our **FREE Credit Intelligence Service**, helping to protect you against potential fraud within the industry.

The AV and IT distribution channels have seen large numbers of suspicious approaches, therefore, we have built robust procedures to minimise bad debts through fraud. We feel it is our duty as a trusted distributor to help protect your business from the risk of fraud.

Our **FREE service** circulates suspicious approaches within our confidential closed user group.

This service relies on input from our customers, which we subsequently investigate and report on through emails. Feedback for the service has been extremely positive, and we are actively encouraging more resellers to sign up.

We also offer advice on how to defend your company against potential fraud; invaluable knowledge to help keep you safe in an ever-changing environment.

To **sign up today**, simply complete the form on the reverse and send it back to us.

If you have any questions or would like to submit your experiences, we would love to hear from you. Your points of contact are:
